Eighteen East Steak House

Opened in 1926, The Hotel Jacaranda is like stepping back in time (or, for Jack Pelkey – it's like "re-living your youth"). Recently restored, it is a registered historic landmark whose character is beautifully intact and quite fun. Famous guests include Babe Ruth, Clark Gable, George Burns among others whose photos adorn the halls. We used this hotel for our 2019 men's retreat. The rooms are very nice and clean – all staged in a 1920's décor.
