

# 2025 NON-EVENT EVENT

**By sponsoring a campaign today,  
your gift will make a huge impact for  
the children and families we serve!**

## Single Parent Ministry

Help support our single parent ministry training classes. Hardworking women in the single mom program need support, both physically and spiritually. The moms attend monthly group training classes in areas such as finances, parenting, job preparation and interviewing skills, as well as meal planning on a budget and more. Your donation to this campaign will help fund these classes which equip these moms with knowledge and skills necessary for them to gain economic independence and to thrive in their home, work, church, and community.

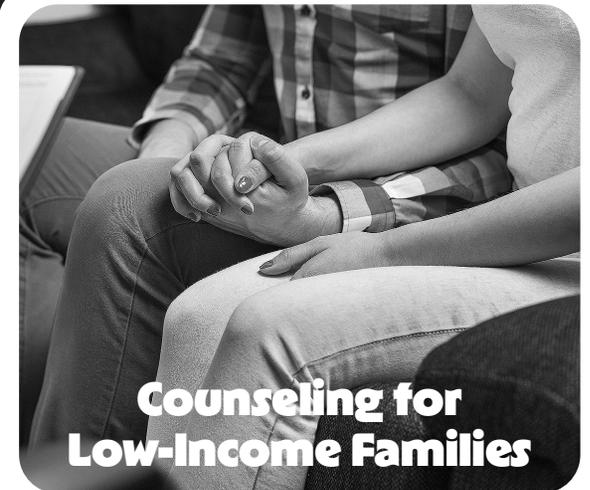

**Campaign Goal is  
\$15,000**

## Boys Residential Program

Help provide groceries for the Boys Residential Program. Sheridan House provides a strong family environment for the boys while they live on campus. One of the many responsibilities of our house parents is to provide healthy and nourishing meals for these young men as they grow and thrive in our program. Your donation to this campaign will help supplement our food pantry for the program and allow for our staff to continue to provide hearty and delicious meals.

**Campaign Goal is  
\$20,000**

## Counseling for Low-Income Families

The Sheridan House Counseling Center offers real answers for real issues. Our staff consists of Christian licensed mental health professionals providing confidential and professional services for the community. Your donation to this campaign will provide counseling sessions for low-income families that might not be able to afford them.

**Campaign Goal is  
\$10,000**
