• Congratulations to Billy for graduating from the Sheridan House Residential Program. He came to us about a year ago as a lost, angry, and confused young man questioning his life choices.

Billy's story is one of redemption, he has been in and out of foster care since the age

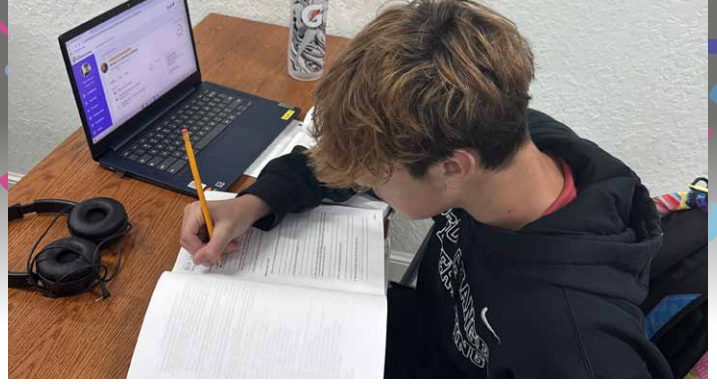

of 3 causing some issues not entirely his fault. He was officially adopted at age 11 by an amazing family who loves him very much. For both Billy and his family, coming

to Sheridan house has helped them navigate through these life challenges and now Billy is the young man God envisioned him to be!

We are grateful to Publix Super Markets Charities for their generous contribution last year, which allowed us to purchase appliances for duplexes 4, 5, and 6.

Dean came to us with struggles in school and at home. He was addicted to his electronic devices and didn't have a desire to go to school or socialize with his peers. Dean has made a total transformation since he's been at Sheridan House as his school work has now become a

priority and his GPA is above 3.0! He now has a plan for his academic future and more importantly has dedicated his life to following Jesus and knows God has a plan for him and his family.

Joseph arrived at Sheridan House with behavior issues that got him kicked out of school.

His parents decided to bring him to our program because they were struggling as a family and they needed help. Joseph knew his disrespect for authority was a major problem and he had to make a change. He was willing and able to make positive and correct choices while in the program, and he is now a leader in the classroom and at home. Please continue to pray for Joseph as he graduates from the program and returns back to his family.
